

GOALS OF THE TRAINING

The members of the Kentucky River Council Against Maltreatment of Elders invite you to attend the Professionals Elder Abuse Awareness Conference on March 16, 2017 at Hazard Community & Technical College in Hazard, Kentucky. The goal of this training is to educate all professionals on elder abuse as well as increase community awareness and individual knowledge of issues surrounding elder abuse and the aging population.

The council members believe by working together as a unified force we can create greater awareness and knowledge of the issues many elderly in our area face with elder abuse, neglect and exploitation.

HISTORY & PURPOSE OF THE COUNCILS
