## **PUBLIC COMMENT**

Hazard Police Chief Minor Allen presented a problem to the Committee. There have been 43 accidents at the intersection of Crawford Mountain and KY 15 in Hazard. There are only a few of the accidents showing up in the KSP database. This is due to reporting issues and problems from officers. Chief Allen pulled the accident reports and brought them to the meeting. After reviewing them, the majority of accidents occur while turning left onto Crawford Mountain from those travelling North on KY 15. Jason Blackburn with KYTC Highway District Office 10 addressed Chief Allen's concern. A section of KY 15 including that intersection was just added to the Recommended Highway Plan. The project will improve safety and address congestion issues. But in the short term, the District can apply for HSIP monies. The HSIP requires proof of accidents in the KSP database; however copies of police reports could also be used. Chief Allen and Jason discussed this issue further after the meeting was adjourned.

**ADJOURNMENT**

The next meeting will be Wednesday, May 9, 2012. The meeting was adjourned at 11:40 AM

*KRADD Regional Water Management Council Meeting was held from 12:00 PM to 12:35 PM.*

**Kentucky's FY 2012- FY 2018 Recommended Highway Plan**
