GUEST SPEAKER

Charlie Spalding with the KYTC Division of Planning Central Office discussed the FY 2011 Prioritization Process and Guidelines. A brief explanation of the Unscheduled Project List (UPL) and Prioritization was given to new members. Below are a few highlights from his presentation:

- Focus and build upon 2009 UPL Prioritization Results
- Reduced listing – “Double High” (ranked high by the region and district)
- Projects for I-66 and the Appalachian Development Highway System (ADHS) will not be considered.
- Highway District Planners and ADD Transportation Planners will reevaluate each project and determine if there is a defensible need.
- HDO and Regional Rankings will be obtained by cost tier.
- An overall top 10 will be submitted by the HDO and ADD.
- Timeline: February 28, 2011: review and add projects; March 31, 2011: HDO Prioritization and Ranking; July 29, 2011: ADD Prioritization and Ranking.

BUSINESS

- Eunice discussed the Draft FY 2011 Prioritization Plan distributed to those present. The Committee will be reviewing projects to be prioritized and approving new projects at the February 9th meeting. Projects will then be prioritized by cost tier on May 11th. An Overall Top 10 listing will also be developed. Priorities and rankings are to be submitted by the ADD to the KYTC by July 29, 2011.
- Mrs. Holland presented the Big Sandy Regional Driving Experience Facility (BSRDE) Concept Plan. Jamie Pinson, Big Sandy ADD Transportation Planner developed the plan. The plan insists of seeking funding for a closed-course driver training facility. The facility will teach drivers of any age safe driving practices. The Regional Committee was presented with a resolution to approve and support the concept of a regional driver training facility, and to further approve and support additional investigation into the feasibility of establishing such a facility in eastern Kentucky.
