Eunice,

For Leslie County it's a pretty short list. There are a few maintenance projects going on around the county. Mostly slide repairs or preventive maintenance. There are a few other Bridging Kentucky projects but those are conducted through a different office.

We have one project in construction, 11-1078. This was a bridge replacement on US 421, more particular described:

Project Description: REPLACE BRIDGE AND APPROACHES ON US-421 OVER STINNET CREEK (B08) 0.028 MILE SOUTH OF KY-406 NEAR STINNETT.

Let me know if you need anything else.

Thanks,
